### PolioPlus News

ISLAMABAD: Pakistan has vaccinated approximately 36.4 million children as the third nationwide polio vaccination campaign of the year entered its fourth day today, Thursday, the country's polio program said. Around 400,000 frontline workers, including 225,000 women vaccinators, are driving the campaign launched on Monday to vaccinate 45 million children under the age of five. The drive will conclude on June 1. Pakistan has reported 10 polio cases so far this year, compared to 74 cases in 2024.

Militant groups have frequently targeted polio vaccination teams and the security personnel assigned to protect them, often resulting in deadly attacks. A Pakistani police officer was killed earlier this week when gunmen opened fire on a team of health workers carrying out a polio vaccination drive in the volatile Balochistan province on the second day of a door-to-door campaign.

## THE HISTORY OF THE ROTARY BELL

In 1922, U.S. Rotarians organized an attendance contest; the challenge was that the losing clubs would join in giving the winning club a prize. The Rotary Club of New York City was declared the winner and to them was awarded as a prize a bell from a popular patrol boat, which was placed on wood that came from HMS "Victory", Admiral Nelson's vessel at the battle of Trafalgar. Since then, the bell used in Rotary meetings started to represent, as on the ships, order, discipline and the time to guide us through the weekly hour and a half meetings. The bell informs us with its sound the beginning of the Rotary meeting, at which time people present should stand, same as at the end, in order to salute the national and Rotary flags. The gavel symbolizes the authority invested in the Rotarian elected to the highest position in Rotary, and through him/her reminds those present of his/her authority. When presidents transmit their positions to their successors at the end of their mandate, they give the bell their last hit turning the gavel over to their successor, symbolizing the transfer of authority.
