Christmas Function

Bulletin

6th December 2024

A younger, fitter **Roger** once spent 4 days canoeing down the upper reaches of the Wanganui River, learning history around a campfire and braving rapids.

We had to guess the sobering statistics around the "Jobseekers" program- an average of 13 years spent on it, 40% not having NCEA2, **Bruce M** had all the answers and raised \$59

Lynne thanks those who helped at the recent hockey Function.

Raewyn read a letter of thanks from Abbeyfield for the donation of \$1000 raised at the recent fashion parade.

The club has received a letter from **Lindsay** saying he has decided to retire from Rotary after 46 years including being Club President and District Governor. He said *"It has been a special season in my life and I will always remain grateful for the many friends I have made and the wonderful experiences that Jill and I have had"*

Raewyn then welcomed those present to the Club **AGM** for 2024.

At its conclusion, club members were challenged with finding new ideas to attract more members.

Parting Thought (**Marilyn**): "coming together is a beginning, staying together is progress, and working together is success"

Wed 18th December Christmas Dinner and entertainment. Club members \$48 and partners/guests \$45

The **theme** for the night is: wear something Christmassy.

Duties	18 th Dec
Host:	Bede
3 min talk	Lew
