John's hobby is woodworking and he showed pictures of his projects including children's toys.

Roger had made something out of wood and we had to guess what. Even with clues we didn't know it was a book reader's page holder - \$

David E aka "dr cheese" gave us some facts we probably didn't know about cheese. World wide 84% comes from cows' milk then from buffalo, goats and sheep. Five million (pasture fed) cows in NZ produce 20 billion litres of milk of which 98% is exported.

Parting thought from **David H**: "A eye for an eye only ends up making the whole world blind"

From the **Terrace End Memorial Trust** : two young people have been given \$2000 each to attend a 3 week Outward Bound course. This brings the Trust's total donations to \$19,000 for the year.
