Bulletin

6th June 2025

Guests: Stu & Phyllis Schwartz

Club news from **Raewyn:**

- Sue Stewart has resigned from the club due to work commitments,
- Katrine will be organising fellowship dinners in August/September
- It would be good if the recipient of the piano lessons could come and play for us when we visit Abbeyfield.

Dennis shared with us that his wife Bev had turned 80 and that she had received birthday wishes from Rotary International Exchange students that they had hosted from Germany, Argentina and Finland

Don tried us on "Trivial Pursuit" questions but the sum he raised, \$78, was anything but trivial!

Stu brought his family from USA in 1995 to open our local Science Centre and Museum and once here he embraced everything "Kiwiana". So much so that his collection of 100,000 items now fills a store, garage, bedrooms and even the dining room table!

They are everyday items that give us our sense of identity at the same time as preserving our everyday heritage. From plastic "swizzle sticks" to Crown Lynn pottery (they produced 8 million annually) and

Sanitarium glass containers, Stu brought along samples of his favourites.

His ambition is to host a museum and call it the Schwartzonian, with himself as curator of course.

Stu & Phyllis ran Tayler-Jensen Fine Arts for many years and Stu has been in Rotary for 39. Now retired, he fills his time browsing op-shops wherever he goes.
